CLASS DESCRIPTIONS

Animal Flow & Restore*: Animal Flow combines ground based movement with various bodyweight-training disciplines for a fun, challenging workout with multi-planar, integrated movement. Connect breath and movement with a Vinyasa style warm-up, preparing the joints and body for Animal Flow strength and mobility training. Complete the practice with restorative poses for a complete energetic experience. ***Not recommended during pregnancy. Please consult your physician.***

Fusion Hot 90*: This sequence of postures is designed to work the whole body; muscles, joints, glands and all internal organs. It offers the perfect mixture of strength and flexibility training to allow you to take your functional fitness to the highest level possible. The dynamic internal and external health benefits you will receive will astound and empower you. You will be guided through a series of held postures to build strength, a flow sequence that will get your heart pumping, and a core and flexibility section to create complete harmony through your entire body. The room will be heated to 100+ degrees at 40-50% humidity to heat the body inside and out, to increase flexibility, release toxins, increase calorie burn and improve cardiovascular function for a total mind and body experience. The class is 90 minutes with an option leave at the 60-minute mark. ***Not recommended during pregnancy. Please consult your physician.***

Fusion Hot 75*: This practice uses the same sequences as Fusion 90 with the exception of 1 round (rather than 2) of the standing strength postures. You will flow through the same vinyasa sequence, enjoy 25 minute of core and flexibility training and end with a savasana. ***Not recommended during pregnancy. Please consult your physician.***

Fusion Hot 60*: This practice utilizes the same sequences from Fusion Hot 90 with the exception of 1 round (rather than 2) of standing strength postures and includes the fully vinyasa flow as well as 10 minutes for core, stretch and a short savasana. ***Not recommended during pregnancy. Please consult your physician.***

Gentle Flow*: A harmonious fluidity of movement and breath. We begin with centering and gentle warm up exercises and then build progressively with postures that lengthen and tone all the major muscle groups. Modifications and props are incorporated to support alignment and progression. The room will be heated to 85 degrees with radiant heat only to create a safe and gentle environment for strength and flexibility. Class length is 60 minutes.

Hot Barre*: This barre inspired workout is one of the fastest, most effective ways to burn calories and get toned! Yes, Hot Barre is centered around a ballet barre and inspired by the workout routine by ballet legend Lotte Berk, but the barre is simply there to provide stability, balance and support as you move through exercises that target the core, glutes, arms and legs. No dance experience necessary, you just need to know these three numbers: 95 degrees, 45 minutes, 800 calories! ***Not recommended during pregnancy. Please consult your physician.***

Hot Pilates*: Strengthen your core like never before with progressive abdominal movements and back exercises that also include flexibility aspects. Incorporation of props and modifications will be utilized to assist in proper form. The heat will get your muscles warm and ready to work as we strengthen and lengthen for a strong core and better posture. Get ready for the 30-minute burn at 95 degrees! ***Not recommended during pregnancy. Please consult your physician.***

Radiant Yoga*: Strike a balance of breath, postures and flow in a room heated to 95-100 degrees with radiant heat to create 'tapas' (healing for your body, mind and spirit). Come to this class to cleanse your body, lengthen and strengthen your muscles, and calm and sooth your mind. This practice may include strength postures as well as arm balances. Come strike a pose! ***Not recommended during pregnancy. Please consult your physician.***

Trauma Sensitive Warrior Yoga:** This practice allows us to learn to free troubling emotions, persevering thought patterns, chronic somatic tension and hyper vigilance through concentrated breathing and slow-moving asanas, as well as meditation and mindfulness exercises in a safe and trusting environment. No heat will be added. All Veterans with a valid ID are invited to attend at no cost. We appreciate all who have served!

Warm Iron Yoga*: Combine traditional weight training principals with breath and body awareness in yoga postures for increased strength, weight loss, and total body fitness. Room will be heated to approximately 80 degrees.

Warm Piloga*: Awaken the deep core muscles with 30 minutes of Pilates, followed by 30 min of strength training with traditional yoga poses, and finish the last 30 minutes with gentle stretches to complete this trifecta. Room will be approximately 80 degrees.

Yoga Meditation*: Take time on your lunch break to nourish your soul. We will offer 30 minutes of guided meditation (no teacher present) with 80 degrees of heat to renew your mind, body and spirit before heading back to work. Props to aid in comfort are welcome.

Yoga Nidra Meditation*: This is a state of consciousness between waking and sleeping, like the "going-to-sleep" stage. It is a state in which the body is completely relaxed, and the practitioner becomes systematically and increasingly aware of the inner world by following a set of verbal instructions. This state of consciousness is different from meditation in which concentration on a single focus is required. In Yoga Nidra the practitioner remains in a state of light withdrawal of the five senses (pratyahara) with four of his or her senses internalized, that is, withdrawn, and only the hearing still connects to the instructions. The yogic goal of both paths, Yoga Nidra and meditation, are the same, a state of meditative consciousness called Samadhi. No teacher present and props to aid in comfort are welcome. Room will be approximately 80 degrees.
