Core Piloga *: a 45-minute class combining the core strengthening and stabilizing benefits of Pilates with the balance and flexibility of yoga postures.

Dry Land Balance Board*: Bring summer inside by practicing our popular Balance Board class on dry land! The instability will challenge you to engage significantly more muscles during each pose and to realize any imbalances that are present in the body. The result is a much higher level of muscle engagement and an experience that encourages us to slow down, focusing on proper form while moving into and out of poses.

Flight*: Stages Flight invites the indoor cyclist into a whole new world of exciting experiences, challenges and competitions. With Stages Flight, cyclists can race against themselves, each other or even the clock. Each rider has a customized intensity profile based on % max watt produced by the Stages Power Meter, the same device that Team Sky, winner of the Tour de France, trained on. You'll feel like you're truly in the zone as images displayed on a large screen create one-of-a-kind experiences. Join us and take Flight!

Flight & Flexibility*: This class begins with 30-minutes of Flight, riding until your legs burn and your heart pumps. You'll then move to a 30-minute yoga practice, focusing on upper and lower body flexibility and core strengthening. This combination increases your overall body position and awareness for injury prevention and enhanced riding performance, as well as bringing the mind to a place of inner calm and balance.

Fusion Hot 90*: This sequence of postures is designed to work the whole body; muscles, joints, glands and all internal organs. It offers the perfect mixture of strength and flexibility training to allow you to take your functional fitness to the highest level possible. The dynamic internal and external health benefits you will receive will astound and empower you. You will be guided through a series of held postures to build strength, a flow sequence that will get your heart pumping, and a core and flexibility section to create complete harmony through your entire body. The room will be heated to 100+ degrees at 40-50% humidity to heat the body inside and out, to increase flexibility, release toxins, increase calorie burn and improve cardiovascular function for a total mind and body experience. The class is 90 minutes with an option leave at the 60-minute mark. ***Not recommended during pregnancy. Please consult your physician.***

Fusion Hot 75*: This practice uses the same sequences as Fusion 90 with the exception of 1 round (rather than 2) of the standing strength postures. Hot Barre*: This barre inspired workout is one of the fastest, most effective ways to burn calories and get toned! Yes, Hot Barre is centered around a ballet barre and inspired by the workout routine by ballet legend Lotte Berk, but the barre is simply there to provide stability, balance and support as you move through exercises that target the core, glutes, arms and legs. No dance experience necessary, you just need to know these three numbers: 95 degrees, 45 minutes, 800 calories! **Not recommended during pregnancy. Please consult your physician.**

Hot Pilates*: Strengthen your core like never before with progressive abdominal movements and back strengthening exercises that also include flexibility aspects. Incorporation of props and modifications will be utilized to assist in proper form. This class gives you a safe, supportive environment to learn the basics including footlocks, basic climbs, beginner poses and inversions starting low to the ground and focusing on technique and building the strength necessary for aerial arts. Students **MUST** attend at least one introduction class and have approval from the instructor before the Aerial Fabric Skills Level 1 classes. This class is not ongoing; students should attend only 1 – 3 times before testing into Level 1. **Not recommended during pregnancy. Please consult your physician.**

Pilates*: This class incorporates the classic Pilates style of core, stretch, and total body strength. The instructors will use personalized modification so that all levels receive a quality workout that fits their needs and goals. The class creates strength, focus, flexibility, and awareness through a gentle practice designed especially for the pregnant woman's needs. The class also helps postpartum women regain vitality and energy that may have been lost during pregnancy with specific focus on rebuilding strength in the abdomen, back, and pelvic muscles, releasing tension in the shoulders and neck, and opening the chest. This class may use props, such as pillows and blankets, so please bring any items that will facilitate the most comfort.

Radiant Yoga*: Strike a balance of breath, postures and flow in a room heated to 95-100 degrees with radiant heat to create 'tapas' (healing for your body, mind and spirit). Come to this class to cleanse your body, length and strengthen your muscles, and calm and sooth your mind. This practice may include strength postures as well as arm balances. Come strike a pose! Regularly a 60-min class, our Radiant Yoga 75 is 75-min long. **Not recommended during pregnancy. Please consult your physician.**
