CLASS DESCRIPTIONS

Aquacise: A moderate intensity one-hour class, which uses water resistance to build strength, burn calories and increase flexibility.

Aqua Core & More: The pool offers the ideal environment to challenge core stability. Participants can strengthen their cores and increase flexibility while experiencing a nearly gravity-free workout. Water resistance in all directions, with and without equipment, gives a total body workout--cardio, strength, flexibility & balance—in 60 minutes.

Aqua ICE: Interval Circuit Extreme. In this class you will enjoy the benefits of the water and burn more calories while conditioning your cardiovascular system, strengthening your muscles and toning the entire body.

Balance Board*: Make a splash this summer! This class challenges the body while renewing the soul. Adapt to the motion of the board and find a continuous challenge to balance and focus while afloat!

Deep H2O: Take water exercise to the next level with this challenging full hour, total body workout. This class uses the water's resistance and increases the workload with drag and buoyant equipment. Bring a water bottle because you're going to sweat!
