## CLASS DESCRIPTIONS

**Fusion Hot 90\*:** This sequence of postures is designed to work the whole body; muscles, joints, glands and all internal organs. It offers the perfect mixture of strength and flexibility training to allow you to take your functional fitness to the highest level possible. The dynamic internal and external health benefits you will receive will astound and empower you. You will be guided through a series of held postures to build strength, a flow sequence that will get your heart pumping, and a core and flexibility section to create complete harmony through your entire body. The room will be heated to 100+ degrees at 40-50% humidity to heat the body inside and out, to increase flexibility, release toxins, increase calorie burn and improve cardiovascular function for a total mind and body experience. The class is 90 minutes with an option leave at the 60-minute mark. **Not recommended during pregnancy. Please consult your physician.**

**Fusion Hot 75\*:** This practice uses the same sequences as Fusion 90 with the exception of 1 round (rather than 2) of the standing strength postures. You will flow through the same vinyasa sequence, enjoy 25 minutes of core and flexibility training and end with a savasana. **Not recommended during pregnancy. Please consult your physician.**

Revision Date: 09/08/20

**Fusion Hot 60\*:** This practice utilizes the same sequences from Fusion Hot 90 with the exception of 1 round (rather than 2) of standing strength postures and includes the fully vinyasa flow as well as 10 minutes for core, stretch and a short savasana. ***Not recommended during pregnancy. Please consult your physician.***

**Hot Barre\*:** This barre inspired workout is one of the fastest, most effective ways to burn calories and get toned! Yes, Hot Barre is centered around a ballet barre and inspired by the workout routine by ballet legend Lotte Berk, but the barre is simply there to provide stability, balance and support as you move through exercises that target the core, glutes, arms and legs. No dance experience necessary, you just need to know these three numbers: 95 degrees, 45 minutes, 800 calories! ***Not recommended during pregnancy. Please consult your physician.***

**KettleWorX:** This high-energy 45-minute routine utilizes the kettlebell. Choose your weight by color of kettlebell to custom fit this dynamic workout. Focus is on total body fat burning, toning and sculpting, and core strengthening.

**KettleTRX Circuit 🔄:** This functional and multi-planar workout uses specific exercises to teach important principles in regard to integrating the body more efficiently. This focus creates a workout that increases efficiency, reduces the risk of injury, and improves overall wellbeing.

**Rooftop Yoga\*:** Rooftop Yoga is a 60-minute class on a rooftop deck that is taught at a moderate intensity level with options offered to decrease and increase intensity. The rooftop sights and sounds of downtown Columbia will inspire students as they enjoy their yoga practice.
