Forever Fit: Low impact aerobics put to big band favorites in 45 minutes. Stay forever fit!

Fusion Hot 90*: This sequence of postures is designed to work the whole body; muscles, joints, glands and all internal organs. It offers the perfect mixture of strength and flexibility training to allow you to take your functional fitness to the highest level possible. The dynamic internal and external health benefits you will receive will astound and empower you. You will be guided through a series of held postures to build strength, a flow sequence that will get your heart pumping, and a core and flexibility section to create complete harmony through your entire body. The room will be heated to 100+ degrees at 40-50% humidity to heat the body inside and out, to increase flexibility, release toxins, increase calorie burn and improve cardiovascular function for a total mind and body experience. The class is 90 minutes with an option leave at the 60-minute mark. ***Not recommended during pregnancy. Please consult your physician.***

Fusion Hot 75*: This practice uses the same sequences as Fusion 90 with the exception of 1 round (rather than 2) of the standing strength postures. You will flow through the same vinyasa sequence, enjoy 25 minutes of core and flexibility training and end with a savasana. ***Not recommended during pregnancy. Please consult your physician.***

Fusion Hot 60*: This practice utilizes the same sequences from Fusion Hot 90 with the exception of 1 round (rather than 2) of standing strength postures and includes the fully vinyasa flow as well as 10 minutes for core, stretch and a short savasana. ***Not recommended during pregnancy. Please consult your physician.***

Gentle Flow*: A harmonious fluidity of movement and breath. We begin with centering and gentle warm up exercises and then build progressively with postures that lengthen and tone all the major muscle groups. Modifications and props are incorporated to support alignment and progression. The room will be heated to 85 degrees with radiant heat only to create a safe and gentle environment for strength and flexibility. Class length is 60 minutes.

GRIT: High-intensity interval training (HIIT), one of the hottest fitness trends, is the fastest way to get fit. Short, sharp bursts of effort allow you to reach maximum training zones and that's the secret to athletic performance in this 30-minute class. **ATHLETIC:** multi-dimensional sports conditioning, using bodyweight exercises and sometimes a step. **CARDIO:** improves cardiovascular fitness, increases speed, and maximizes calorie burn. **STRENGTH:** designed to improve strength, cardiovascular fitness, and build lean muscle, using barbell weight plate, and bodyweight exercises.

Hot Barre*: This barre inspired workout is one of the fastest, most effective ways to burn calories and get toned! Yes, Hot Barre is centered around a ballet barre and inspired by the workout routine by ballet legend Lotte Berk, but the barre is simply there to provide stability, balance and support as you move through exercises that target the core, glutes, arms and legs. No dance experience necessary, you just need to know these three numbers: 95 degrees, 45 minutes, 800 calories! ***Not recommended during pregnancy. Please consult your physician.***

Pilates*: This class incorporates the classis Pilates style of core, stretch, and total body strength. The instructors will use personalized modification so that all levels receive a quality workout that fits their needs and goals. Props such as weighted balls, magic circles, foam rollers, or Bosu balls may be utilized in the class.

Radiant Yoga*: Strike a balance of breath, postures and flow in a room heated to 95-100 degrees with radiant heat to create 'tapas' (healing for your body, mind and spirit). Come to this class to cleanse your body, length and strengthen your muscles, and calm and sooth your mind. This practice may include strength postures as well as arm balances. Come strike a pose! ***Not recommended during pregnancy. Please consult your physician.***

RPM🚲: This indoor-cycling class is the workout riding to the rhythm of powerful music based on your rotations per minute. Hills, flats, mountain peaks, speed work and interval training are involved in this 45-minute class. **(Express = 30 minutes)**

Sh'Bam: This dance program lets everyone become a star of their own dance-out, with hot, yet simple moves that anyone can cut loose to. Join the revolution!

Studio Barre*: A fast and effective way to change the shape of your body. The use of a ballet barre and small isometric movements, along with stretching, allows your body to become more lifted, toned, and lengthened.

Total Body Fun (TBF): Come dance, tone, move, and stretch your way to a healthier body and mind!

Total Body Workout (TBW): Strength-train your entire body using bars, dumbbells & bands, & a mix of cardio intervals

Warrior Yoga:** This specialized, trauma-sensitive yoga class is ideal for all who have experienced any kind of trauma or high stress, but all are welcome. This gentle, empowering practice allows us to learn how to free troubling emotions, persevering thought patterns, chronic somatic tension, and hyper-vigilance through concentrated breathing and slow-moving asanas, as well as meditation and mindfulness exercises, in a safe and trusting environment. **Free of charge to those with a military ID.

Yin Yoga*: Yin yoga is a slow-paced style of yoga that uses specific asanas (postures) that are held for longer periods of time, typically from 1 minute to five minutes or more, depending on the posture. These postures access deeper layers of the fascia, promoting essential balance in our mental and physical bodies.

Yoga: Provides focused practice that strengthens and tones muscles, increases bone density and establishes correct body alignment through asanas, breathing techniques, warm ups and relaxation.
