Masks will be required for students and instructors. Please bring your own yoga mat. Participants ages 10-13 must have parent sit outside studio during class.**

Aerial Yoga*: Aerial yoga is a type of yoga utilizing a fabric hammock as a tool to help students achieve traditional yoga poses. Increase overall health and physical agility while having fun and creating beauty. No experience necessary. **Not recommended during pregnancy. Please consult your physician.**

Chair Yoga*: This is a gentle class with the *option of using a chair*, incorporating range of motion exercises, alignment, stretching, strengthening, awareness, breathing and relaxation to refresh, energize, improve posture, deepen breathing and improve sense of well-being. This is a safe and slower-moving class designed for seniors and people of all ages with physical challenges or those who might be recovering from an injury. Room will be a comfortable 80 degrees to allow for greater and safer mobility.

Fusion Hot 90*: This sequence of postures is designed to work the whole body; muscles, joints, glands and all internal organs. It offers the perfect mixture of strength and flexibility training to allow you to take your functional fitness to the highest level possible. The dynamic internal and external health benefits you will receive will astound and empower you. You will be guided through a series of held postures to build strength, a flow sequence that will get your heart pumping, and a core and flexibility section to create complete harmony through your entire body. The room will be heated to 100+ degrees at 40-50% humidity to heat the body inside and out, to increase flexibility, release toxins, increase calorie burn and improve cardiovascular function for a total mind and body experience. The class is 90 minutes with an option leave at the 60-minute mark. **Not recommended during pregnancy. Please consult your physician.**

Fusion Hot 75*: This practice uses the same sequences as Fusion 90 with the exception of 1 round (rather than 2) of the standing strength postures. You will flow through the same vinyasa sequence, enjoy 25 minutes of core and flexibility training and end with a savasana. **Not recommended during pregnancy. Please consult your physician.**

Fusion Hot 60*: This practice utilizes the same sequences from Fusion Hot 90 with the exception of 1 round (rather than 2) of standing strength postures and includes the fully vinyasa flow as well as 10 minutes for core, stretch and a short savasana. **Not recommended during pregnancy. Please consult your physician.**

Hot Barre*: This barre inspired workout is one of the fastest, most effective ways to burn calories and get toned! Yes, Hot Barre is centered around a ballet barre and inspired by the workout routine by ballet legend Lotte Berk, but the barre is simply there to provide stability, balance and support as you move through exercises that target the core, glutes, arms and legs. No dance experience necessary, you just need to know these three numbers: 95 degrees, 45 minutes, 800 calories! ***Not recommended during pregnancy. Please consult your physician.***

Pilates*: This class incorporates the classic Pilates style of core, stretch, and total body strength. The instructors will use personalized modification so that all levels receive a quality workout that fits their needs and goals. Props such as weighted balls, magic circles, foam rollers, or Bosu balls may be utilized in the class.

Radiant Yoga*: Strike a balance of breath, postures and flow in a room heated to 95-100 degrees with radiant heat to create 'tapas' (healing for your body, mind and spirit). Come to this class to cleanse your body, lengthen and strengthen your muscles, and calm and soothe your mind. This practice may include strength postures as well as arm balances. Come strike a pose! ***Not recommended during pregnancy. Please consult your physician.***

Studio Barre*: A fast and effective way to change the shape of your body. The use of a ballet barre and small isometric movements, along with stretching, allows your body to become more lifted, toned, and lengthened.

Warrior Yoga:** This specialized, trauma-sensitive yoga class is ideal for all who have experienced any kind of trauma or high stress, but all are welcome. This gentle, empowering practice allows us to learn how to free troubling emotions, persevering thought patterns, chronic somatic tension, and hyper-vigilance through concentrated breathing and slow-moving asanas, as well as meditation and mindfulness exercises, in a safe and trusting environment. **Free of charge to those with a military ID.

Yin Yoga*: Yin yoga is a slow-paced style of yoga that uses specific asanas (postures) that are held for longer periods of time, typically from 1 minute to five minutes or more, depending on the posture. These postures access deeper layers of the fascia, promoting essential balance in our mental and physical bodies.
