Flight*: Stages Flight invites the indoor cyclist into a whole new world of exciting experiences, challenges, and competitions. With Stages Flight, cyclists can race against themselves, each other, or even the clock. Each rider has a customized intensity profile based on % max watt produced by the Stages Power Meter, the same device that Team Sky, winner of the Tour de France, trained on. You'll feel like you're truly in the zone as images displayed on a large screen create one-of-a-kind experiences. **Please arrive at least 5 minutes before class to allow time for bike setup and to book into the Flight program.**

Flight & Flexibility*: This class begins with 30-minutes of Flight, riding until your legs burn and your heart pumps. You'll then move to a 30-minute yoga practice, focusing on upper and lower body flexibility and core strengthening. This combination increases your overall body position and awareness for injury prevention and enhanced riding performance, as well as bringing the mind to a place of inner calm and balance. **Please arrive at least 5 minutes before class to allow time for bike setup and to book into the Flight program. Please bring your own yoga mat.**

Forever Fit: Low impact aerobics put to big band favorites in 45 minutes. Stay forever fit!

Fusion Hot 90*: This sequence of postures is designed to work the whole body; muscles, joints, glands and all internal organs. It offers the perfect mixture of strength and flexibility training to allow you to take your functional fitness to the highest level possible. The dynamic internal and external health benefits you will receive will astound and empower you. You will be guided through a series of held postures to build strength, a flow sequence that will get your heart pumping, and a core and flexibility section to create complete harmony through your entire body. The room will be heated to 100+ degrees at 40-50% humidity to heat the body inside and out, to increase flexibility, release toxins, increase calorie burn and improve cardiovascular function for a total mind and body experience. Red light near infrared bulbs are used. The class is 90 minutes with an option leave at the 60-minute mark. **Not recommended during pregnancy. Please consult your physician.**

Fusion Hot 75*: This practice uses the same sequences as Fusion 90 with the exception of 1 round (rather than 2) of the standing strength postures. You will flow through the same vinyasa sequence, enjoy 25 minutes of core and flexibility training and end with a savasana. **Not recommended during pregnancy. Please consult your physician.**

Fusion Hot 60*: This practice utilizes the same sequences from Fusion Hot 90 with the exception of 1 round (rather than 2) of standing strength postures and includes the fully vinyasa flow as well as 10 minutes for core, stretch and a short savasana. **Not recommended during pregnancy. Please consult your physician.**

Short, sharp bursts of effort allow you to reach maximum training zones and that's the secret to athletic performance in this 30-minute class. **ATHLETIC:** multi-dimensional sports conditioning, using bodyweight exercises and sometimes a step. **CARDIO:** improves cardiovascular fitness, increases speed, and maximizes calorie burn. **STRENGTH:** designed to improve strength, cardiovascular fitness, and build lean muscle, using barbell weight plate, and bodyweight exercises.

HIGH Fitness: HIGH transforms old-school aerobics into a highly addictive new fitness experience that combines simple, modern fitness techniques (I.E. HIIT, plyometrics, etc.) with music you know and love... resulting in a high-energy, intense, crazy fun workout that leaves you feeling HIGH and wanting more!

Hot Barre*: This barre inspired workout is one of the fastest, most effective ways to burn calories and get toned! Yes, Hot Barre is centered around a ballet barre and inspired by the workout routine by ballet legend Lotte Berk, but the barre is simply there to provide stability, balance and support as you move through exercises that target the core, glutes, arms and legs. No dance experience necessary, you just need to know these three numbers: 95 degrees, 45 minutes, 800 calories! ***Not recommended during pregnancy. Please consult your physician.***

Pilates*: This class incorporates the classic Pilates style of core, stretch, and total body strength. The instructors will use personalized modification so that all levels receive a quality workout that fits their needs and goals. Props such as weighted balls, magic circles, foam rollers, or Bosu balls may be utilized in the class.

Radiant Yoga*: Strike a balance of breath, postures and flow in a room heated to 95-100 degrees with radiant heat to create 'tapas' (healing for your body, mind and spirit). Come to this class to cleanse your body, lengthen and strengthen your muscles, and calm and soothe your mind. This practice may include strength postures as well as arm balances. Come strike a pose! ***Not recommended during pregnancy. Please consult your physician.***
