CLASS DESCRIPTIONS

ABC Yoga (Asanas and Breathing for Children)*: Little yogis are invited to this 30 minute class where we'll learn poses and breathing techniques, play games, and practice mindfulness together – and of course, have a whole bunch of fun in the process. We'll practice barefoot or in our shoes and you're free to bring your own mat or use one of ours. A comfort item (blankie or stuffed animal) can be brought for final meditation. We'll meet in the playcenter and walk to the studio together, then come back to the playcenter when we're done. Kids who are already on their parents' membership are free and everyone else (members and non-members) can come for just \$5/class!

Aerial Hammock*: This class uses the aerial hammock for conditioning exercises, flexibility stretches, and skill building, including yoga and aerial poses, sequences, and inversions to increase overall health and physical agility while having fun and creating beauty. Hot Barre*: This barre inspired workout is one of the fastest, most effective ways to burn calories and get toned! No dance experience necessary, you just need to know these three numbers: 95 degrees, 45 minutes, 800 calories! ***Not recommended during pregnancy. Please consult your physician.***

Hot Pilates*: A low impact, full body workout that focuses on core strength and stability with an extra spotlight on flexibility utilizing the benefits of the 95 degree room with our near infrared red lights.. We begin with centering and gentle warm up exercises and then build progressively with postures that lengthen and tone all the major muscle groups. Modifications and props are incorporated to support alignment and progression. The room will be heated to 85 degrees with radiant heat to create a safe and gentle environment for strength and flexibility, and we will utilize our red light near infrared therapy.

Red Light Yin Yoga*: Yin yoga is a slow-paced style of yoga that uses specific asanas (postures) that are held for longer periods of time, typically from 1 minute to five minutes or more, depending on the posture. These postures access deeper layers of the fascia, promoting essential balance in our mental and physical bodies. This class will be taught under our red light near infrared bulbs, bringing a gentle warmth.

Restorative Yoga*: In this stressed out world we live in, it's so important to restore the parasympathetic nervous system. This practice is all about slowing down and opening your body through passive stretching, breath work and meditation. Bring any and all materials you'd like to aid in comfort. Blankets, bolsters, and blocks provided.

Row Intervals*: Get ready to row. This class is for the intermediate rower who wants to get better at endurance. Or maybe you want to burn some extra calories before hitting the weights. Each week, we will row different intervals at varying efforts. The crew will support one another as we lengthen our distance intervals, lower our 500m split and listen to music.

During class we will not only row, but also perform strength training and mobility work off of the rower, using any combination of plates, bodyweight, TRX and kettlebells.

Warrior Yoga:** This specialized, trauma-sensitive yoga class is ideal for all who have experienced any kind of trauma or high stress, but all are welcome. This gentle, empowering practice allows us to learn how to free troubling emotions, persevering thought patterns, chronic somatic tension and hyper-vigilance through concentrated breathing and slow-moving asanas, as well as meditation and mindfulness exercises, in a safe and trusting environment. ** Free of charge to those with a military ID.

Yin Yoga*: Yin yoga is a slow-paced style of yoga that uses specific asanas (postures) that are held for longer periods of time, typically from 1 minute to five minutes or more, depending on the posture. These postures access deeper layers of the fascia, promoting essential balance in our mental and physical bodies.

YoChi*: This practice brings focus on balance with controlled movements to increase stability, flexibility, circulation, immunity, strength (in a subtle way), and moving meditation to promote relaxation and awareness of the breath. It is a low-impact fitness option to complement any fitness program as an adaptation for functional exercise for the general public, seniors, those with physical challenges, and athletes.
